

Eyelash Extension Aftercare

It is just as important to look after your lash extensions as it is for your Lash Technician to prep your lashes prior to application.

You have spent not only your hard earned money but also your precious time having beautiful lashes applied. So why is it important to follow the Lash Extension Aftercare that your lash technician has given you?

- #1 Your lashes will look beautiful for longer
- #2 You will spend less time on the couch having your lashes prepped
- #3 Your natural lashes will not suffer

So what Lash Extension Aftercare should you follow?

We have put together some important advice below for you to follow, however, do make sure you follow the advice of your lash tech as well after all they will know your lashes.

DO NOT get excessively wet for the first 24 hours. This allows the adhesive to cure (dry)

DO NOT use steam rooms, saunas or sunbeds for 48 hours

DO NOT perm, tint or use eyelash curlers

DO NOT use waterproof or oil based mascara on your extensions as they contain chemical properties that will break down the adhesive

DO be gentle around your eyes, don't rub or pick at your extensions

DO use an eyelash comb or mascara wand, these are great for grooming your lashes each morning

DO gently wash daily with eyelash cleanser, keeping the root area clean.

Cleaning Eyelash Extensions

To clean your lashes as part of your aftercare you will need the following:

- Lash Cleanser (such as Purified cleanser with a
- Cleansing Brush (all can be purchased through us)
- Tissue
- Mascara Wand

Cleaning Instructions

Step 1. Gently massage the cleanser into the lashes in small circular motions using your cleansing brush.

Step 2. Pat the lashes dry using a tissue

Step 3. Softly brush through
